

JIG Elections

March 2019

Please vote now:
JIG Member
Representatives
on Committees
can be voted for
until 4th April.

To vote for a Member
Representative, please use the
following Survey Monkey Link.

<https://www.surveymonkey.co.uk/r/ComElec2019>

For assistance if needed, email
Andrea.wixey@jigonline.com

Following our earlier newsflash we have had a high number of qualified volunteers wishing to take part in JIG Committee Work. We will therefore be holding elections using a **Secure and Anonymous Survey Monkey Poll** (see link in the attached email and at the bottom of this message).

There will be vacancies in the following Committees:

- Operations Committee, 3 places.
- HSSE Committee, 4 places.
- Product Quality Committee, 2 places.
- Common Processes Committee, 3 places.

You may vote for your preferred candidates for each Committee starting on 25th March. **Voting will close at 18:00hrs on 4th April.**

Attached to this document is a short biography of each of the candidates standing for election. You are requested to indicate your **First Choice**, as well as a **Second Choice** for each committee.

This ballot is being distributed to the Member Coordinator or main contact for each JIG Member, such that each JIG Member will have one vote. In addition, current committee members will be entitled to vote only for the committee on which they serve. (You may not vote for yourself).

The successful candidates and the new composition of committees will be announced at the Members Technical Forum in Rome (9-10th April), and thereafter by Newsflash.

We would like to thank everyone who has served as an elected member over the past years, contributing their time and knowledge for JIG's benefit. We would also like to thank those who volunteered for committee work in this ballot; wishing them every success or further opportunities if they are not successful this time.
