JIG launches new Recognition Award Scheme

From 2018, JIG will annually nominate sites to be awarded recognition, based on their prior Inspection and HSSE performance.

The new recognition process, which supersedes the former process of “Excellence Certificates”, comprises two types of award:

- The “Improved Performance Award”
- The “Sustained Performance Award”

JIG will nominate sites using Inspection data from the JIG Inspection Tracking System (JITS) for a rolling 3-year period and HSSE data from the JIG Dashboard for the third year. For the 2017 awards, inspection data for the period 2015-2017 and HSSE data for 2017 will be reviewed by JIG to identify the nominated sites.

Sites will receive awards if their HSSE Dashboard data (JIG defined categories) for 2017 shows:

- ✓ No Fatalities, LTIs
- ✓ No Fires, Aircraft Incident, Major spills, Misfuelling, Serious PQI
- ✓ Reported Near Misses and Safety Walks/Spot Checks

and they meet either of the following set of criteria:

- ❖ For a 2017 **Sustained Performance Award**, the JITS data shows:
 - ✓ 3 successive “Good” inspection results (2015-2017)
 - ✓ Findings do not indicate a decrease in performance vs first year
 - ✓ Zero Outstanding and Zero High Priority Recommendations (2017)

or

- ❖ For a 2017 **Improved Performance Award**, the JITS data shows:
 - ✓ Continuous reduction in number of findings (2015-2017)
 - ✓ Satisfactory and above for at least the last 2 years (2016-2017)
 - ✓ Zero Outstanding and Zero High Priority Recommendations (2017)

Only locations that have reported their full year (2017) HSSE data in the dashboard will be included in the scope of the new recognition process.

JIG would like to encourage all entities that haven't submitted their full year 2017 data into the Dashboard, to do so by 31/1/2018, so that they can be included in the process.

Nominated sites will be announced in February 2018 and the respective location management will be invited to nominate a representative to be presented with the award during the JIG Members' Technical Forum in Abu Dhabi – 18th & 19th April 2018.
