STAKEHOLDER REVIEW OF ISSUE 13

Newsflash 2021/05

29 March 2021

We are requesting the help of JIG Members to participate in the Stakeholder Review of the next Issue of the Standards.

The next editions of the JIG Standards (JIG 1&2 Issue 13 and JIG 4 Issue 4) are due for publication later this year. Consequently, as we have done for previous issues, we are soliciting JIG Members who wish to contribute to the Stakeholder Review process.

The process will involve reviewing the Master Draft within your organisation and responding to the Standards Working Group with suggested technical revisions and editorial improvements you would like to see incorporated into the Standards.

The review period is currently planned for the period 15th May until 15th June and we are seeking volunteers to contribute to reviewing one or more of the Standards.

If you wish to participate, please click on the below document which will take you to an editable PDF form for completion.
